FreeBooksHub.com is another website where you can find free Kindle books that are available through Amazon to everyone, plus some that are available only to Amazon Prime members.

## **Bmw Manual Transmission Fluid E90**

The BMW E90 manual transmission fluid is filled at the factory with lifetime fluid (green arrow). However, BMW does not define what the lifetime is. Therefore, it is a good idea to service your fluid every 60,000 miles. If you're unsure of the last service, replace the fluid as soon as possible. Doing so will extend the life of your transmission.

### **BMW E90 Manual Transmission Fluid Flush On Your BMW**

This is an EXCELLENT post on DIY transmission fluid changes for the e90 BMW frame! I had the transmission fluid changed with the Royal Purple Synchronax on my 6MT car and the results were instantaneous. The shifts are smoother than the past, and the transition from the gears is more predictable (due to the fresh oil).

BMW Manual / SMG / DCT Transmission Fluid Vintage 5-speed manual Most manual transmissions on vintage models do not have a fluid label on the transmission because nearly all gearboxes took the same fluid - a universal GL-4. If no label is present, the official recommendation is any GL-4 gear oil. Our favorite is the Red Line MTL.

BMW Transmission And Differential Fluid Specifications (E90/E82/E84) BMW doesn't recommend replacing fluids other than oil and brake fluid as they have an unfortunate "lifetime fluid" recommendation. Although they say their "lifetime fluid" never needs to be replaced, it should be at around 50,000 miles.
