Economic Behavior And Legal Institutions

Thus economic life and law are strongly interrelated. There is neither a pure economic system unaffected by law, nor a legal system possible to understand without regard for its interplay with economic behavior. Still, such a compartmentalization has dominated the perspectives of both economics and legal studies.

Economic Behavior And Legal Institutions An Introductory Text

An important research programme has developed in economics that extends neo-classical economic theory in order to examine the effects of institutions on economic behaviour. The body of work emerging from this line of inquiry includes contributions from various branches of economic theory, such as the economics of property rights, the theory of the firm, cliometrics and law and economics.

Behavioral economics (also, behavioural economics) studies the effects of psychological, cognitive, emotional, cultural and social factors on the decisions of individuals and institutions and how those decisions vary from those implied by classical economic theory.. Behavioral economics is primarily concerned with the bounds of rationality of economic agents.

Behavioral economics - Wikipedia

Institutions and Bank Behavior: Legal Environment, Legal Perception, and the Composition of Bank Lending This paper explores how the legal environment affects bank behavior in 20 transition economies. Based on a newly constructed data set we find that banks' loan portfolio composition depends on the legal environment. If
