The Manual is structured to reflect the various processes involved in the import and export of goods in Grenada, beginning with the steps required in advance of the actual trade transaction, moving through the processes involved in the actual trade transaction and then to activities that may take place following the transaction. It is organized into sections dealing with import and export.

Ministry of Trade, Grenada - Import and Export Procedures

Too often the manual espouses pie in the sky dreams of how the importer or exporter would like to behave when its trade compliance programs are fully developed. The manual is not intended to be a goals and objectives document. For example, it may be the goal of a company to do a 100% post-entry audit of all entries within 30 days of the entered date.
