The Zero Marginal Cost Society

"In his new book *The Zero Marginal Cost Society*, Jeremy Rifkin gives us an exciting analysis of our time, the situation of mankind, and of the big trends in technological change. From there he goes on to develop a universal perspective for the society of the 21st century – decidedly against a zeitgeist rather dominated by anxiety about the future and a decidedly pessimistic view of progress. Jeremy Rifkin links up the concrete social and ecological challenges of our era with their economic ...
